^Calculation methodology:

All students must provide their official final National College Entrance Examination (Gao Kao) issued by the individual Chinese provincial examination authority in order for Monash University/Monash College to establish if you satisfy the above academic entry scores as follows:

Your total marks achieved in the Gao Kao will be converted into a 100% scale by dividing your total marks achieved in the Gao Kao with the maximum score published by the Department of Education in China for each Chinese province. For example: If you achieved a total mark of 555 in your Gao Kao and the maximum score for Guangdong is 750 the percentage score converted by Monash University/Monash College will be 74%.*

The Gao Kao maximum scores published in 2018 by the Department of Education in China for each Chinese province are as follows:
